National Health Service Corps
Loan Repayment Program

Program Description
The National Health Service Corps (NHSC) Loan Repayment Program (LRP) offers primary care medical, dental, and mental and behavioral health care providers the opportunity to have their student loans repaid, while earning a competitive salary, in exchange for providing health care in urban, rural, or frontier communities with limited access to care.

Financial Benefits
The NHSC Loan Repayment Program offers two levels of funding, based upon the need of the community in which a provider works, as defined by a HPSA score.
